LIFCO GROUP FINANCIAL OVERVIEW

Sales (MSEK)

EBITA (MSEK) and EBITA margin

STRONG CASH FLOW GENERATION

Operating cash flow after tax, before investments

- High cash conversion as a result of focus on asset light operations combined with tight control of working capital

Capex and depreciation²

- Low required maintenance capex within the group
- Due to outsourcing of a large share of basic manufacturing, investments in subsidiaries with own production can be minimised

1) Cash flow conversion defined as operating after tax cash flow divided by EBITA
 2) Refers to investments in and depreciation of tangible fixed assets
